

Points to be noted for the Road Test

1. Ensure the vehicle has a valid license, registration certificate, and insurance before taking the test.
2. Check the vehicle's fuel level and tyre condition before starting.
3. Ensure the brakes, steering, and other control systems are functioning properly.
4. The vehicle should have a properly functioning horn and lights.
5. The driver should be able to drive straight, reverse, and park the vehicle correctly.
6. The driver should be able to start the vehicle smoothly and move forward without jerks.
7. The driver should be able to stop the vehicle smoothly and apply the brakes correctly (including using the handbrake).
8. The driver should be able to shift gears smoothly and appropriately.
9. The driver should be able to control the vehicle properly on inclines and declines.
10. The driver should be able to navigate curves and turns safely.
11. The driver should be able to use indicators and other signals correctly.
12. The driver should maintain the proper lane discipline and follow road signs.
13. The driver should be able to overtake other vehicles safely.
14. The driver should be able to maintain a safe distance from other vehicles.
15. The driver should be aware of pedestrian crossings and give way to pedestrians.
16. The driver should be able to navigate through traffic and follow traffic signals.
17. The driver should not use mobile phones or other distractions while driving.
18. The driver should always wear a seatbelt and ensure passengers do the same.
19. The driver should be aware of emergency procedures and how to handle the vehicle in case of an emergency.
